Dear Supporters:

Thank you for your generous contribution of \$500 to the Clark County Youth Shelter. Your donation helps provide a safe and caring place for at-risk youth and families in our community. Because of people like you, we can continue to help children who are runaways, victims of abuse, or homeless. This type of community support and generosity is critical to the survival of these programs, which help young people grow to become better citizens. Your donation is an investment in the future.

If you have not done so, please consider touring our facility so that we may show you your donations at work. You can see firsthand our facilities that house youth. These youth are offered the chance to socialize, participate in recreational and educational activities, and to provide community service to other agencies. We are proud of our work and would be glad to show it to you.

Sincerely,

Laura Fleming-Balmer,
Executive Director

Amy M. Schneidau,
Assistant Director
